The Gospel Project takes us on a chronological, Christ-centered journey through the storyline of Scripture. We'll begin in Genesis. In the beginning, God created everything for His glory and our good. When sin entered the world, creation appeared to be ruined. Out of the ruins, God made a promise: that through one man's descendant, God would bless the whole world—and restore the good creation He made. Through this study, we'll will discover the truth that nothing is outside of God's plan or control to redeem creation from sin.
